As space permits...

Please remind your captain(s) to complete scorecards fully as per league rules. Too often initials and surnames of players, scores, signatures etc are missed and although I chase these details up, it wastes time, and after all it is within the rules to ignore incomplete cards. Also, last-season cards arrived without a stamp at the Post Office, which involves both time to collect and a £2 charge! Take pity on a poor secretary!!! NB The match number is included by the date this year, in case you wondered.
